PREFACE

NEWBERRY, S. C.

Newberry, S. C., is enjoying the possibility of unusual development. A bond issue of \$190,000 has been authorized for paving, lighting and extension of water and sewerage lines. The county, moreover, has voted bonds to the amount of \$400,000 for building three roads across the county, intersecting at Newberry.

During the past two years a great deal of building has been done. The Exchange Bank put up a five story, fire proof building, containing forty-four splendid, modern office rooms in addition to the Bank. To make space for this "sky scraper" four one-story buildings were wrecked. Five new garages have been completed in this period, for handling the Ford, Brock-Morgan, Franklin, Holt and Studebaker cars. The Studebaker building is two stories in height, of reinforced concrete veneered with brick. It has a frontage of 75 feet, and extends through the block. There is not a more up-to-date garage in the state than this one is. The Newberry Hotel has been remodeled at an expense of \$60,000, making it the best to be found in South Carolina in a town the size of Newberry. An up-to-date Sanitary Laundry has been installed in a new building, a large brick sale barn has been erected, and a splendid Bake-Rite bakery has begun operation. During the past summer Newberry College remodeled an old building into a splendid boarding hall and dormitory. Other new buildings are those erected by the Lime-Cola and Coca-Cola Bottling Companies.

In February, 1921, a cash and carry grocery store, operated on the self service plan, was opened by a local jobbing house.

Numerous citizens are taking advantage of the reduced prices of building materials, and are beginning to erect dwelling houses.

In a civic capacity, Newberry has organized a Chamber of Commerce, a Building and Loan Association, an American Legion Post, a Rotary Club and a Kiwanis Club within a year.

The three banks of Newberry have resources of \$5,500,000, and on December 31st, 1920, the total deposits were \$3,082,777.27.

Newberry has three large cotton mills, a weekly industrial pay roll of \$30,000, two railroads, good connection with a third railroad near by, a low electric power rate, and plenty of good water. The churches, schools, stores and people are of high order.

The population is approximately 9,000.

DIRECTORY ADVERTISING PAYS

The constant drop of water wears away the largest stone;

The constant gnawing Tousser masticates the toughest bone;

The constant coming lover carries off the blushing maid;

The constant advertiser is the man who gets the Trade.

DON'T GET STUCK

By advertising in a frivolous manner. The City Directory carries the untold news (which is not frivolous nor funny,) of the most progressive dealers of today.

Newberry College

Newberry, South Carolina

A Full Literary and Scientific School for Young Men

Offers the young men of the South the best educational advantages, under positive Christian influences, at the minimum expense. Founded in 1856 and holds a recognized position among the high-grade institutions of the South.

Provides the usual Literary Course leading to the Degree of A. B. including Ancient and Modern Languages, English, History, Mathematics, Social and Political Economy, Oratory and Natural Sciences. Also a post-graduate course leading to the Degree of Master of Arts.

The College owns 9 splendid buildings of large proportions and thorough equipment. Its Faculty of college-trained specialists and tutors is large enough to insure the amount of personal instruction and individual attention so essential to the best results.

The Campus life is most wholesome, and the traditions of honor and morality are high. Athletics are endorsed and carefully supervised by the Faculty. Gymnasium work is compulsory. The athletic work of Newberry College in late years has been foremost among the South Carolina Colleges. The religious life is ideal, and the moral and spiritual welfare of the student is the school's chief concern.

Certificates from accredited high schools admit without examination. A preparatory school department for high-school undergraduates. Next session opens September 22, 1921. For catalogue and particulars address
